CIRCULAR

Sub: Telangana State – Implementation of 1-3 kWp off grid Solar Power packs for **individuals** in Telangana state – 2015-16 – Guidelines – Issued - Regarding.

Ref: 1) MNRE Lr. Sanction order no. 32/2/2015-16/PVSE (Part-I) Dt. 16/03/2016

Government of India, MNRE through their sanction order no. 32/2/2015-16/PVSE (part-I) dt. 16/03/2016 has accorded sanction for installation of 1-3KWp SPV Power packs at individual households for state of Telangana. The details of the applicable Unit Cost, the eligible Central Financial Assistance of MNRE and the model of solar power packs to be implemented in Telangana state are furnished below:

SI NO	Model/Capacity	Unit Cost (Rs)	MNRE Subsidy (Rs)	Telangana State Government Subsidy (Rs)	Balance amount (Rs) to be collected from Beneficiary
1	Installation of 1 Kwp capacity solar power plant.	1,49,375/-	45,000/-	45,000/-	59,375/-
2	2 kWp	2,70,000/-	90,000/-	45,000/-	1,35,000/-
3	3 kWp	3,78,000/-	1,35,000/-	45,000/-	1,98,000/-

Further, it is to inform that the following decisions have been taken for smooth implementation of the projects.

- The beneficiary contribution shall be collected by the suppliers/installer through **cheque/DD** only, and it should be ensured that the Cheque details should be mentioned in the invoice of the supplier along with the signature of beneficiary.
- A register to be maintained in the District providing the information of details of system installed in the format given below.

Sl. No	Name of Beneficiary	Address	Capacity installed	Date of installation	Eligible state subsidy	Eligible central subsidy	Name of the supplier

- The program is meant only for installation in the individual households, Hence any Institutions private or Govt. or Charitable cannot be covered under this scheme.
- Only one system shall be installed for one beneficiary, based on their electrical connection (SC No), multiple systems can also be installed for different families residing in the same building / premises having separate electrical connections. The copies of electricity bills has to be enclosed compulsorily in case of same address.
- The make and serial number on the batteries and SPV Panels has to be enclosed along with the claim forms forwarded by the District office compulsorily
- For installations in the Apartments system cannot be installed for common lighting purpose. Further for the installations in the individual flats for the Apartments, NOC from the Apartments Association has to be submitted along with the application.
- The Technical specifications / Rates applicable and other Terms and conditions has to be followed to be followed strictly as per circular dated 03/11/2015 copy enclosed except service charges.
- An amount of Rs. 1,000/- plus 5% VAT per KWp capacity is to be collected by way of DD/cash towards application fee and submitted along with project completion report / subsidy claim.
- **During the inspection of the systems the inspecting officers of TNREDCL are to verify the invoice/delivery challans issued by the battery manufacturers with the serial No's on the batteries and the same shall be ensured by the DM.**
- In order to achieve the target sanctioned by MNRE all the approved suppliers will be permitted to install the systems in any districts.
- As per Director MNRE instructions, along with the project completion report in MNRE format and photographs of the system covering SPV modules, Battery Bank, Inverter & beneficiary of the system installed along with inspecting officer with the invoice of the company duly showing the details of MNRE/ state subsidy deducted should be enclosed.
- To send claims to H.O on weekly basis for reimbursement/ release of subsidy.

The Dist Managers are advised to follow the above guide lines in strict compliance and take immediate action for effective implementation of the programme.
